Application Approved	<input type="checkbox"/> Yes <input type="checkbox"/> No	Date:													
Council Meeting No.	Council Minute No.	Signature													

***** IMPORTANT INFORMATION – WATER BY AGREEMENT APPLICATIONS*****

The council has defined **WATER AREAS for each scheme**. These areas are where Council has already approved properties to receive town water supply for domestic services including the property connection and water meter. Outside of the water area connection is subject to ‘Water By Agreement’ application and consideration by Council.

Please note that direct connections to trunk water main infrastructure will generally not be approved due to operational constraints.

Applications for **Water By Agreement** are considered by Council at the monthly Council Ordinary Meeting. Council will consider your application and may choose to refuse or approve your application subject to conditions which may include cost of extending water mains, payment of head-works, etc. For further information regarding this type of application please **contact the Water Services Team on (07) 4992 9500**.

Where Water By Agreement is approved the applicant will be required to meet costs of installation of water meter and all associated work, and will be responsible for ongoing maintenance and repairs of the water service line on the property side of the meter.
