## SCHEDULE 4. AERODROME INFORMATION

### General Aviation

This section applies to fixed wing aircraft with a maximum take-off weight of 4,000 kilograms or less for Baralaba Aerodrome, 4,000 kilograms or less for Moura Aerodrome, 4,000 kilograms or less for Taroom Aerodrome, 4,000 kilograms or less for Taroom Airstrip, 4,000 kilograms or less for Thangool Aerodrome and 4,000 kilograms or less for Theodore Aerodrome .

Aircraft Operators operating aircraft at an Aerodrome can nominate to be in one of two categories - Resident Aircraft or Itinerant Aircraft. Aerodrome Management reserves the right to approve or disprove the category application. Aircraft Operators who do not nominate a category will be assumed to be operating an Itinerant Aircraft.

**Resident Aircraft** - A Resident Aircraft is one that is presumably based at an Aerodrome or another Aerodrome within Banana Shire, namely:

- Baralaba Aerodrome
- Moura Aerodrome
- Taroom Aerodrome
- Thangool Aerodrome
- Theodore Aerodrome

However Aircraft Operators operating aircraft based at another Aerodrome outside Banana Shire may elect for that aircraft to become a Resident Aircraft. Resident Aircraft pay an annual charge and receive benefits such as lower landing charges and lower parking charges.

Residency of aircraft at the Taroom Airstrip is not permitted.

**Itinerant Aircraft** - An Itinerant Aircraft is one that is based at another Aerodrome outside Banana Shire and only elects to use a Banana Shire Aerodrome occasionally. Itinerant Aircraft do not pay an annual charge, but pay higher landing and parking charges than Resident Aircraft.

### **Royal Flying Doctor Service (RFDS), Emergency & Rescue Service and Angel Flight Aircraft**

The RFDS, Emergency & Rescue Service and Angel Flight aircraft are exempt from paying landing and parking charges.

### **Circuit Training Periods**

Circuit Training Periods are periods throughout the day where aircraft receive a discount to undertake operations .These periods are determined by Aerodrome Management in its sole discretion. Advice regarding Circuit Training will be available on the Banana Shire Council's website [www.banana.qld.gov.au](http://www.banana.qld.gov.au) under General Aviation.

Circuit Training Periods may be cancelled at any time at the sole discretion of Aerodrome Management.

Aircraft engaged in circuit training will be charged at one quarter of a normal landing charge for each circuit. If the number of circuits is not known then one normal landing charge will be applied.

All charges accrue from day to day and, unless otherwise agreed in writing by BSC, are payable to BSC within thirty (30) days of being invoiced.

### **Aircraft Parking**

No aircraft parking may occur on the Terminal Apron without prior Aerodrome Management approval. No access is permitted to or across the Terminal Apron without Aerodrome Management approval.

Aircraft approved to park on the Terminal Apron are subject to the Aerodrome Bay Allocation Procedures, available by contacting the Aerodrome Reporting Officer during business hours as per clause 1.8.1.

---

### **Air Show Operations**

Air shows may be held periodically at an Aerodrome.

During periods of an air show, a number of restrictions are imposed on flying and ground manoeuvring operations. These restrictions will be notified by NOTAM, and may include, but are not limited to the following:

- The closure of various taxiways;
- Restrictions on the availability of the runway;
- Restrictions on access to the Aerodrome;
- The parking of aircraft at the Aerodrome;
- The unavailability of some navigational aids; and
- The change to airspace.

Some Aircraft parked at the Aerodrome may need to be relocated to other parts of the Aerodrome, or another Aerodrome, during the air show period.

For more information regarding restrictions during an air show, please contact Aerodrome Management or the Aerodrome Reporting Officer.

### **Force Majeure Event**
