OBJECTION DETAILS	The owner must complete the following section stating what category they believe the land should be rated under and include the facts and circumstances on which the claim is based (Section 90(4) of the Local Government Regulation 2012).				
	 Terms and Conditions: Objections must be lodged within thirty (30) days of the date of issue of the relevant rate notice. The lodgement of an objection does not defer the requirement to pay rates as detailed in the rate notice, and rates as levied must be paid by the due date whilst the objection is being assessed. Council will notify the ratepayer of it decision within 60 days of receipt of the objection. If the objection is successful, council will process an adjustment and advise you as soon as possible. 				
	The sole ground on which you may object is that, having regard to the criteria determined by Council for categorising rateable land, you consider your land should have been included, as at the date of issue of the rate notice, in another of the rating categories adopted by Council. (These can be found in the Rates Information booklet that was included with your rates notice)
