MOURA SOLAR FARM

Status	Operation
Proponent	Metlen
Website	www.mourasolar.com.au
Supplier Contact	www.mourasolar.com.au
Location	Dawson Highway, Banana
Size of project (MW/MWh)	110 MW
No. Turbines / Solar Panels	185,000
Battery onsite?	
Anticipated Construction Start	November 2021
Anticipated Construction Duration	12 months
Anticipated Jobs – Construction (Direct)	250
Anticipated Jobs – Operational (Direct)	4
Community Benefit Fund Annual Amount (length of time fund will be available)	
Community Benefit Fund Webpage	

BOULDER CREEK WIND FARM

Status	Construction
Proponent	Aula Energy & CS Energy
Website	www.bouldercreekwindfarm.com/
Supplier Contact	www.bouldercreekwindfarm.com/contact-us
Location	Westwood
Size of project (MW/MWh)	228
No. Turbines / Solar Panels	38 Wind Turbine Generators (WTGs)
Battery onsite?	No
Anticipated Construction Start	Nov-24
Anticipated Construction Duration	36 months
Anticipated Jobs – Construction (Direct)	~250
Anticipated Jobs – Operational (Direct)	10 to 12
Community Benefit Fund Annual Amount (length of time fund will be available)	\$100,000
Community Benefit Fund Webpage	www.bouldercreekwindfarm.com/community

Anticipated Construction Start in next 12 months

Q1 2026 - Q4 2026

SMOKY CREEK SOLAR POWER STATION

Status	Development
Proponent	Edify Energy
Website	www.edifyenergy.com/project/smokycreek
Supplier Contact	hello@edifyenergy.com
Location	Goovigen
Size of project (MW/MWh)	600
No. Turbines / Solar Panels	TBA (Will depend on supplier and size of panel)
Battery onsite?	600MW/2,400MWh
Anticipated Construction Start	Q1 2026
Anticipated Construction Duration	34 months
Anticipated Jobs – Construction (Direct)	350+
Anticipated Jobs – Operational (Direct)	30+
Community Benefit Fund Annual Amount (length of time fund will be available)	
Community Benefit Fund Webpage	

BANANA RANGE WIND FARM

Status	Development
Proponent	EDF Power Solutions Australia
Website	www.banarangewindfarm.com.au
Supplier Contact	www.banarangewindfarm.com.au/employment
Location	20km west Biloela
Size of project (MW/MWh)	228
No. Turbines / Solar Panels	38 WTG
Battery onsite?	No at this stage but the project has the potential to install a battery storage as a future expansion of the project.
Anticipated Construction Start	Q3 2026
Anticipated Construction Duration	30 months
Anticipated Jobs – Construction (Direct)	200-350
Anticipated Jobs – Operational (Direct)	10-15 full-time roles
Community Benefit Fund Annual Amount (length of time fund will be available)	\$100,000
Community Benefit Fund Webpage	https://www.banarangewindfarm.com.au/community

MOUNT HOPEFUL WIND FARM

Status	Development
Proponent	Neoen
Website	www.mounthopefulwindfarm.com.au
Supplier Contact	www.mounthopefulwindfarm.com.au/workwithus
Location	Dululu/Ulogie
Size of project (MW/MWh)	390
No. Turbines / Solar Panels	Up to 63
Battery onsite?	Yes
Anticipated Construction Start	Q4 2026
Anticipated Construction Duration	30 months
Anticipated Jobs – Construction (Direct)	400 peak
Anticipated Jobs – Operational (Direct)	10 approx
Community Benefit Fund Annual Amount (length of time fund will be available)	\$110,000
Community Benefit Fund Webpage	annual benefit for the operational lifetime

SPECIMEN HILL WIND FARM

Status	Development
Proponent	Ark Energy
Website	arkenergy.com.au/wind/specimen-hill-wind-farm/
Supplier Contact	info@specimenhillwindfarm.com.au
Location	30 km north-east of Biloela
Size of project (MW/MWh)	336
No. Turbines / Solar Panels	56
Battery onsite?	To be confirmed at a later stage
Anticipated Construction Start	Q4 2026
Anticipated Construction Duration	30 - 33 months
Anticipated Jobs – Construction (Direct)	250-350
Anticipated Jobs – Operational (Direct)	15-30
Community Benefit Fund Annual Amount (length of time fund will be available)	
Community Benefit Fund Webpage	

THEODORE WIND FARM

Status	Development
Proponent	RWE
Website	Theodorewindfarm.com.au
Supplier Contact	theodorewindfarm@rwe.com
Location	Theodore
Size of project (MW/MWh)	1100
No. Turbines / Solar Panels	Up to 170
Battery onsite?	Yes – 240MW
Anticipated Construction Start	Q4 2026
Anticipated Construction Duration	3-4 years
Anticipated Jobs – Construction (Direct)	300-500
Anticipated Jobs – Operational (Direct)	20-50
Community Benefit Fund Annual Amount (length of time fund will be available)	\$500,000
Community Benefit Fund Webpage	Sponsorship application can be found on website theodorewindfarm.com.au

Anticipated Construction Start in 12 - 36 months

Q1 2027 - Q4 2028

BUNGABAN RENEWABLE ENERGY PROJECT

Status	Development
Proponent	Windlab
Website	www.southqueenslandrenewablegenerationhub.com/
Supplier Contact	sqrgh@windlab.com.au
Location	Taroom/Wandoan
Size of project (MW/MWh)	1400
No. Turbines / Solar Panels	Up to 204
Battery onsite?	350MW
Anticipated Construction Start	Q1 2027
Anticipated Construction Duration	48 months
Anticipated Jobs – Construction (Direct)	1000
Anticipated Jobs – Operational (Direct)	50
Community Benefit Fund Annual Amount (length of time fund will be available)	
Community Benefit Fund Webpage	

CALLIDE SOLAR POWER STATION

Status	Development
Proponent	Edify Energy
Website	edifyenergy.com/project/callide/
Supplier Contact	hello@edifyenergy.com
Location	Biloela Callide Rd, Mt Murchison
Size of project (MW/MWh)	200
No. Turbines / Solar Panels	TBA (Will depend on supplier and size of panel)
Battery onsite?	200MW
Anticipated Construction Start	Q2 2027
Anticipated Construction Duration	30 months
Anticipated Jobs – Construction (Direct)	250
Anticipated Jobs – Operational (Direct)	10
Community Benefit Fund Annual Amount (length of time fund will be available)	
Community Benefit Fund Webpage	

CALLIDE WIND FARM	
Status	Development
Proponent	DP Energy
Website	www.callidewindfarm.com.au
Supplier Contact	www.callidewindfarm.com.au/employment
Location	22km north-east of Biloela
Size of project (MW/MWh)	430
No. Turbines / Solar Panels	70
Battery onsite?	Potential for inclusion of Battery in proposed substation area
Anticipated Construction Start	Q3 2027
Anticipated Construction Duration	30 months
Anticipated Jobs – Construction (Direct)	280
Anticipated Jobs – Operational (Direct)	30
Community Benefit Fund Annual Amount (length of time fund will be available)	
Community Benefit Fund Webpage	

THEODORE SOLAR FARM

Status	Development
Proponent	Octopus Investments
Website	octopusinvestments.com.au/our-projects/theodore-solar-farm-and-battery/
Supplier Contact	Not yet selected
Location	Lonesome Creek
Size of project (MW/MWh)	70
No. Turbines / Solar Panels	Pending
Battery onsite?	40MW/160MWh
Anticipated Construction Start	Q4 2027
Anticipated Construction Duration	2 years
Anticipated Jobs – Construction (Direct)	Up to 140
Anticipated Jobs – Operational (Direct)	5
Community Benefit Fund Annual Amount (length of time fund will be available)	
Community Benefit Fund Webpage	To be established

KARIBOE WIND FARM AND BESS

Status	Feasibility
Proponent	Ox2
Website	www.ox2.com
Supplier Contact	
Location	40km south-east of Biloela
Size of project (MW/MWh)	225
No. Turbines / Solar Panels	50
Battery onsite?	900
Anticipated Construction Start	2028
Anticipated Construction Duration	24 months
Anticipated Jobs – Construction (Direct)	250
Anticipated Jobs – Operational (Direct)	12
Community Benefit Fund Annual Amount (length of time fund will be available)	
Community Benefit Fund Webpage	

MOUNT RAINBOW WIND FARM

Status	Feasibility
Proponent	Central Queensland Power (CQP)
Website	www.mountrainbowwind.com.au/
Supplier Contact	info@mountrainbowwind.com.au
Location	Dumgree
Size of project (MW/MWh)	315
No. Turbines / Solar Panels	Up to 70
Battery onsite?	Pending studies
Anticipated Construction Start	Q4 2028
Anticipated Construction Duration	24 months
Anticipated Jobs – Construction (Direct)	Up to 240
Anticipated Jobs – Operational (Direct)	Up to 12
Community Benefit Fund Annual Amount (length of time fund will be available)	TBC
Community Benefit Fund Webpage	TBC

Anticipated Construction Start in 36 months +

Q1 2029 +

MOUNT SUGARLOAF WIND FARM

Status	Feasibility
Proponent	Central Queensland Power (CQP)
Website	www.centralqueenslandpower.com.au
Supplier Contact	www.centralqueenslandpower.com.au/contact-1
Location	Thangool
Size of project (MW/MWh)	252
No. Turbines / Solar Panels	Up to 56
Battery onsite?	Pending studies
Anticipated Construction Start	Q2 2029
Anticipated Construction Duration	24 months
Anticipated Jobs – Construction (Direct)	Up to 200
Anticipated Jobs – Operational (Direct)	Approximately 10
Community Benefit Fund Annual Amount (length of time fund will be available)	TBC – will be over the life of the project
Community Benefit Fund Webpage	TBC

SAWPIT SOLAR FARM

Status	Feasibility
Proponent	European Energy Australia
Website	au.europeanenergy.com
Supplier Contact	infoaus@europeanenergy.com
Location	Tarramba, 30 km south-west of Biloela
Size of project (MW/MWh)	1000
No. Turbines / Solar Panels	1,550,000
Battery onsite?	TBC
Anticipated Construction Start	TBC
Anticipated Construction Duration	24-30 months
Anticipated Jobs – Construction (Direct)	
Anticipated Jobs – Operational (Direct)	
Community Benefit Fund Annual Amount (length of time fund will be available)	
Community Benefit Fund Webpage
